RIDING OUT THE END OF THE WORLD 3

"Without Freedom of Speech, I might be buried in the swamp..."
- Bobby Dylan 1964

The memories of those tumultuous times following the “Summer of Love” Riots can often feel like a distant nightmare, a haze of chaos that swept through city after city, leaving destruction in its wake.
As the government crumbled under the weight of civil unrest, a peculiar figure emerged—a self-proclaimed general who asserted his authority based on a little-known statute referred to as the "Continuation of Government" Law.
This law, which was largely unfamiliar to the general population and even to many of the remaining military units

GIOVANNI METRO STOP GALLERY

stationed in the Eastern District Operations Command, became the flimsy foundation upon which he claimed to govern.

The disarray and confusion of that period were palpable, as citizens grappled with the reality of a fractured society and a leadership that seemed more like a farce than a legitimate authority.

It's curious how certain memories can persist in the recesses of our minds, often resurfacing unexpectedly.

I find myself reflecting on the fate of that general, a figure who vanished from our lives after the devastating explosion near Omaha.

The blast was not just a moment of chaos; it was accompanied by a massive electromagnetic pulse that crippled the remnants of our electrical grid.

GIOVANNI METRO STOP GALLERY

WWWG PRODUCTIONS LTD. SINGAPORE - 2026

In the aftermath, we were thrust into a struggle reminiscent of the Stone Age, grappling with the loss of modern conveniences and the comforts we had taken for granted.

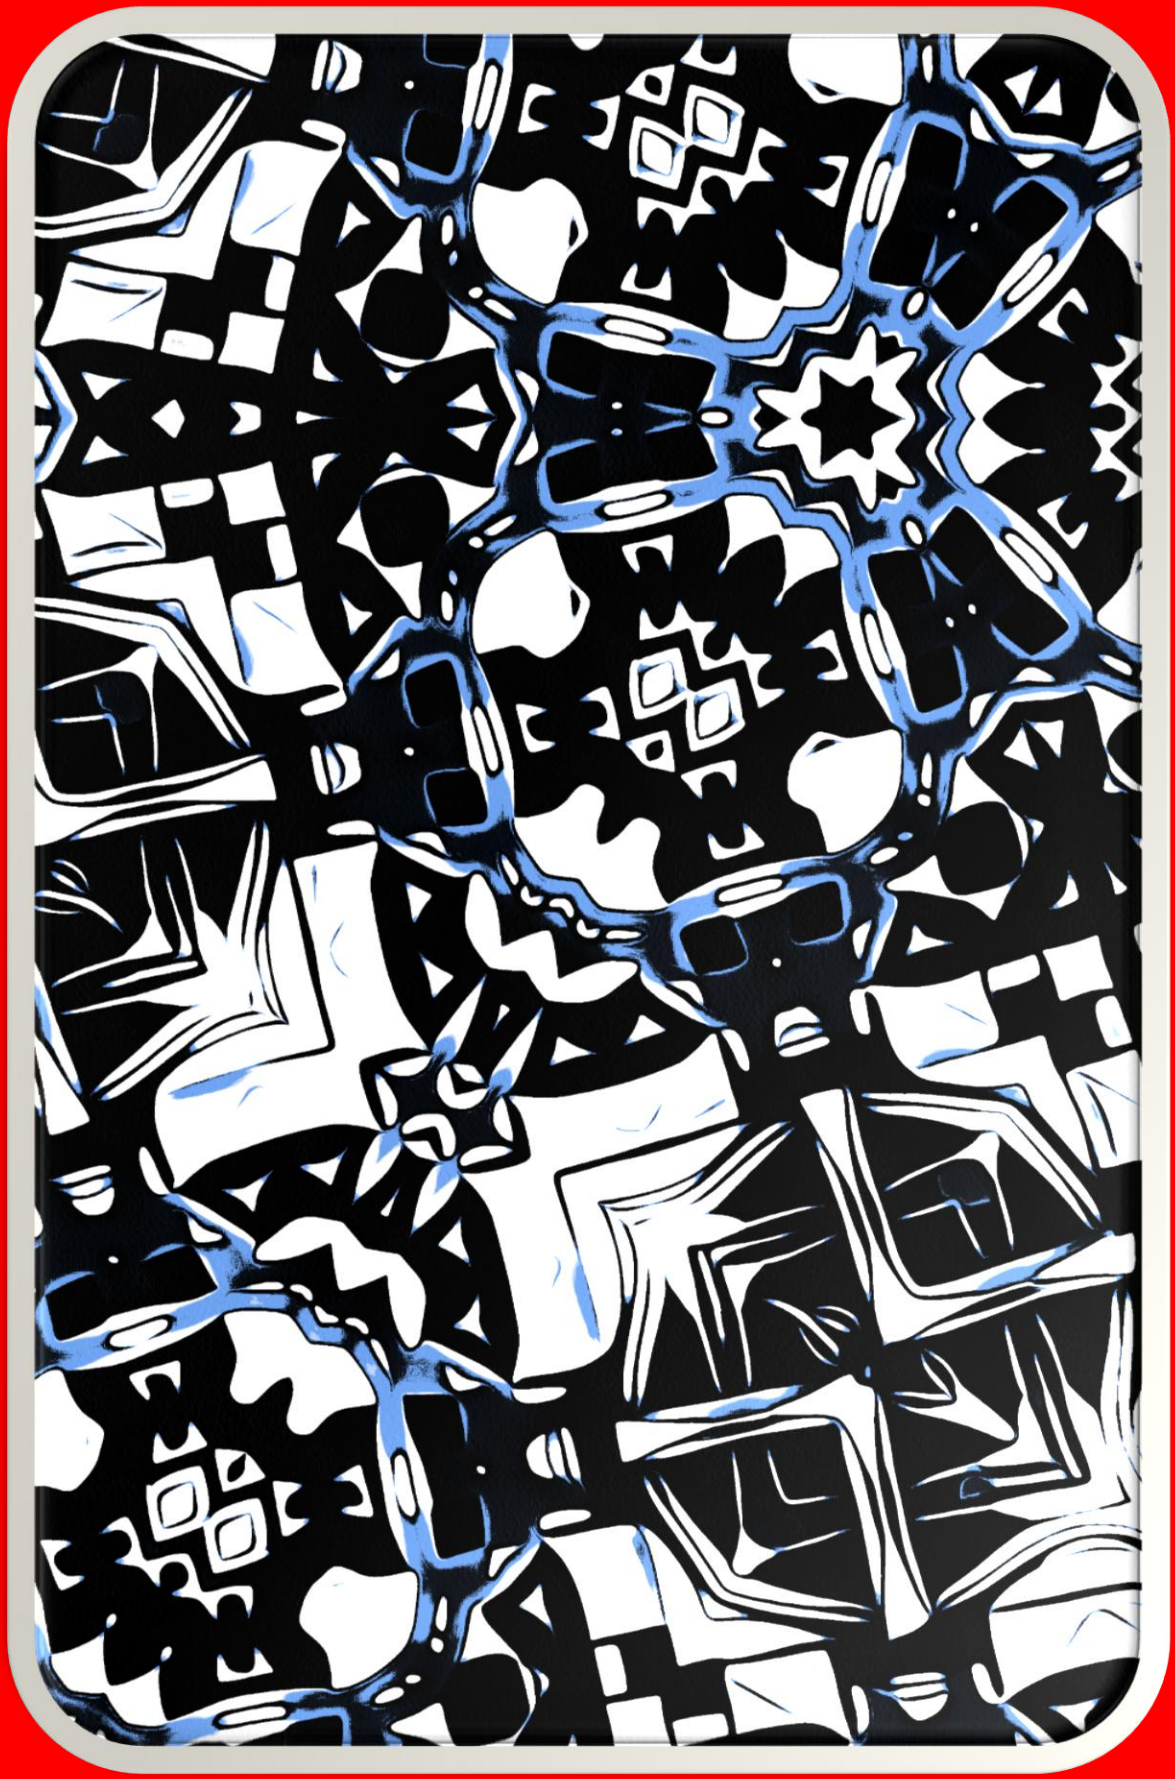
The uncertainty surrounding the general's fate leaves me in a state of deep contemplation, questioning whether he was ultimately consumed by the overwhelming forces of chaos that swept through the land, or if, against all odds, he found a way to steer through the turbulent currents of this new reality.

It is a haunting thought that he might now be enjoying a quiet retirement in the capital of the Free Nations Confederation, nestled in Canton, where the echoes of his past life are perhaps softened by the tranquility of a more peaceful existence.

GIOVANNI METRO STOP GALLERY

WWWG PRODUCTIONS LTD. SINGAPORE - 2026

The contrast between the chaos that defined his earlier years and the serene life he could be leading now paints a vivid picture in my mind, one that is both hopeful and melancholic.
I wonder if he reflects on his past with a sense of pride or regret, and whether the memories of his service still linger in the air around him, shaping his days in this unexpected chapter of his life.
Travel to the Free Nations remains shrouded in mystery, primarily due to the stringent regulations governing entry and the rarity of immigration.
The barriers in place create an environment where information is scarce, leaving many questions unanswered about the lives and cultures within these territories.
As a result, the allure of the Free



GIOVANNI METRO STOP GALLERY

WWWG PRODUCTIONS LTD. SINGAPORE - 2026

Nations is often accompanied by a sense of intrigue and speculation, as outsiders can only imagine what lies beyond the borders.

The complexities of the immigration policies further complicate any attempts to gain insight, making it nearly impossible for individuals to experience firsthand the unique dynamics of these regions.

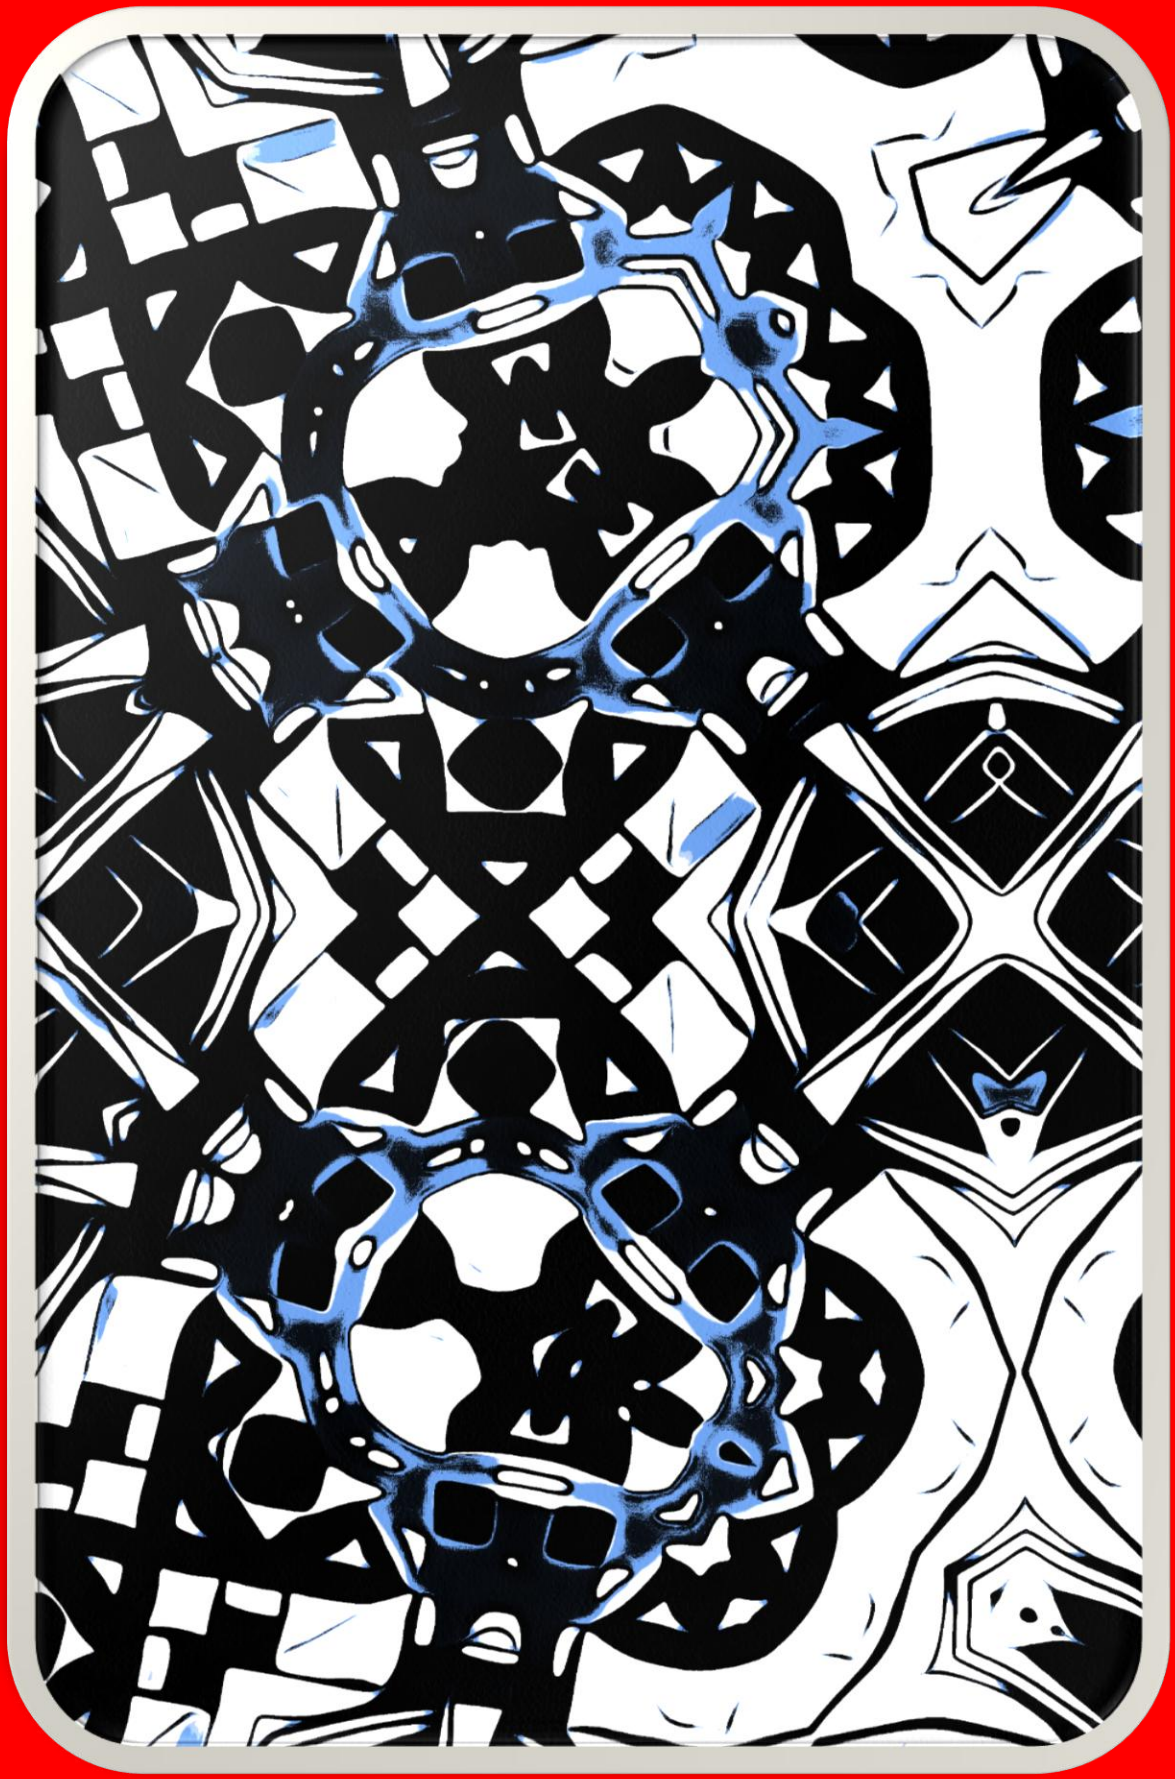
Consequently, the Free Nations continue to exist as an enigmatic entity, captivating the imagination of those who yearn to understand their secrets.

The two decades that followed marked a grim period, revealing the stark reality that the once-mighty Wookie Warriors, who had dominated the Meta world of the Internet for their corporate overlords during the Brave New Age and Social Reset, were far less formidable in

GIOVANNI METRO STOP GALLERY

WWWG PRODUCTIONS LTD. SINGAPORE - 2026

the real world.
Stripped of their digital prowess, these warriors found themselves ill-equipped to navigate a landscape that had no use for their adeptness in video editing or social media manipulation.
As chaos erupted, they were left vulnerable, fleeing from the onslaught of unleashed criminals and their Antifa backers.
Whispers circulated that these tech-savvy individuals, once so confident behind their screens, were reduced to pleading for mercy from the very thugs they had once dismissed.
Their fate became a mystery, reminiscent of the enigmatic General from Omaha, as they vanished into the shadows of a society unraveling at the seams.



GIOVANNI METRO STOP GALLERY

WWWG PRODUCTIONS LTD. SINGAPORE - 2026

It often crosses my mind how many of these digital warriors managed to endure the harrowing aftermath of what many referred to as the "Mad Max" Collapse, a time when survival became the only currency that mattered.

It is best left to future historians to explore and debate the existence of certain figures, pondering whether they were real or merely remnants of dubious urban legends that have somehow persisted through the annals of time.

As a Jesuit of Truth committed to the pursuit of uncomfortable truth, I am bound by a code that prohibits speculation, making it inappropriate for me to comment on the disintegration of Ahriman's so-called polite society. Furthermore, it would be unwise to suggest, without proper disclaimers,

GIOVANNI METRO STOP GALLERY

WWWG PRODUCTIONS LTD. SINGAPORE - 2026

that this collapse was orchestrated by the Ahrimanic Leagues operating within the Corporate Congress, a bureaucratic entity supported by his cadre of World Economic Forum affiliates and bolstered by the misguided youth indoctrinated through the Ahriman Youth League—individuals like the infamous *“How Dare You?”* Greta and her fellow travelers. Such discussions require a careful approach, as they tread the fine line between historical analysis and conjecture.
